FUTURE CAREER HUB

Website Design & Development Master Plan

Study Abroad Consultancy — Full Website Blueprint

Brand Tagline	Build Future With Us
Industry	Study Abroad / Education & Visa Consultancy
Brand Colors	Crimson Red (#D81E2C) + Jet Black (#1A1A1A) + White
Primary Font	Syne (Headings, up to Bold — no Extra Bold)
Secondary Font	Google Sans Flex (Body text, navigation, paragraphs)
Email	fchofficials@gmail.com
Phone / WhatsApp	0343-3350139

1. Brand Theme & Visual Identity (Based on Logo)

The logo uses a bold red globe/graduation-cap mark with a black outline circle, black graduation cap, and red lettering for 'FUTURE' with black 'CAREER HUB' and red tagline 'BUILD FUTURE WITH US'. The full website theme is built directly from these three colors so the logo feels native to every page, not pasted on top of a generic template.

Role	Color	Usage
Primary	#D81E2C (Crimson Red)	Logo red, CTA buttons, links, highlights, icon accents
Secondary / Text	#1A1A1A (Near Black)	Headings, nav text, footer background
Background	#FFFFFF → #F7F7FB	Subtle off-white gradient base (never pure flat white)
Accent / Soft	#FDEAEC (Pale Red Tint)	Section backgrounds, card hovers, badge fills
Neutral Grey	#5A5A5A / #8A8A95	Body copy, secondary text, borders

Background Treatment

Not pure white anywhere. Body background = soft linear gradient from #FFFFFF to #F5F6FA (top to bottom), with very light radial red-tinted glow (#FDEAEC at 8% opacity) blurred behind the hero and section edges for a premium, airy SaaS-like feel. Section dividers use soft wave/curve SVG shapes in white-on-grey rather than hard straight lines.

Typography

- **Headings (H1–H3):** Syne, weight Medium/SemiBold/Bold only — never Extra Bold (matches reference image, keeps it elegant not heavy).
- **Body, nav, buttons, forms:** Google Sans Flex, Regular/Medium — clean, modern, highly legible at small sizes.
- **Numerals (stats, prices):** Syne Bold for visual punch in counters.

2. Header / Navigation Bar

- **Shape:** Fully pill-shaped / full-radius rounded floating header (border-radius ~999px), sitting with margin from page edges, not flush — like a floating glass capsule.
- **Background:** Frosted glass effect — white at ~85% opacity + backdrop blur, with a faint red-tinted 1px border glow.
- **Sticky behavior:** Fixed on scroll; shrinks slightly (height reduces ~15%) with a soft shadow on scroll-down for a premium feel.
- **Logo (left):** Circular logo mark + 'Future Career Hub' wordmark in Syne SemiBold, black text + red 'Hub'.
- **Center/Right Nav Items:** Home · Destinations (dropdown) · Services (dropdown) · About Us · Blog · Gallery · FAQs · Contact.
- **Dropdown Menus:** Smooth fade+slide-down mega-menu with rounded corners, grouped destination flags/icons in a 2–3 column grid (e.g. Destinations dropdown shows UK, Europe, USA, Canada, Australia, New Zealand, Turkey, Cyprus, Romania, Hungary, Finland, Sweden — each with small flag icon + 1-line hover highlight in red).
- **Right side:** 'Free Consultation' CTA button — pill-shaped, solid red, white text, subtle hover lift + shadow.
- **Mobile:** Hamburger icon morphs into full-screen rounded slide-in panel with accordion dropdowns.

3. Hero Section

Left side (Text Block):

- Small red pill badge: '■ Trusted Study Abroad Partner'
- Big Syne heading (2 lines) e.g. 'Build Your Future Beyond Borders' with 'Future' highlighted in red gradient.
- Supporting paragraph in Google Sans Flex grey text — 1–2 lines about visa guidance, top global universities, 100% transparent process.
- Two CTA buttons: solid red 'Book Free Consultation' + outline black/ghost 'Explore Destinations'.
- Small trust row below: '5000+ Students Placed · 50+ University Partners · 12+ Countries' as animated counters.

Right side (Animated World Visual):

- Stylised rotating globe / world-map SVG illustration in red+black line-art matching logo style (not a literal photo-realistic globe).
- Small glowing dot markers placed at all target countries (UK, USA, Canada, Europe, Australia, NZ, Turkey, Cyprus, Romania, Hungary, Finland, Sweden) — each dot gently pulses.
- An airplane icon (same style as logo's plane) animates along a curved dashed flight-path looping across the globe continuously.
- Floating mini cards around the globe (e.g. small university logo chip, 'Visa Approved ✓' chip) with slow up-down float animation for depth.
- All built in SVG + CSS/JS animation (no heavy video) for fast load.

4. Floating Social & WhatsApp Widgets

- **Side Social Launcher:** Fixed vertical circle button (center-right edge of screen) with logo icon; on click it expands into a vertical stack of real brand icons (Facebook, Instagram, LinkedIn, TikTok, YouTube) with bounce/stagger animation, each opening in a new tab.
- **WhatsApp Button:** Fixed bottom-right, circular, brand-green WhatsApp icon, gentle pulse-ring animation, opens chat pre-filled to 0343-3350139 with a default greeting message.

5. Complete Homepage Section List (12 Sections incl. Header & Footer)

Every section below uses scroll-triggered entrance animation (fade-up / stagger) and the cards inside each section use a hover-lift + red-glow-shadow + slight scale effect for a premium, modern (not 'sticker-style') feel — all icons are real line/flat icon-sets (e.g. Lucide / custom SVG), never emoji or clipart stickers.

1. Header / Navigation — Floating pill header with mega-menu dropdowns — described above.

2. Hero Section — Animated globe + flight path + left text block — described above.

3. Who We Are — Short brand story split layout: left image/illustration of team/office, right paragraph + 3 mini value icons (Trust, Experience, Global Network). Counter stats strip underneath.

4. Destinations We Offer — Grid/carousel of country cards — flag + country name + 'X Universities' + 'Top Courses' — UK, USA, Canada, Australia, New Zealand, Europe (Germany/France/Ireland), Turkey, Cyprus, Romania, Hungary, Finland, Sweden. Each card flips or glows on hover to reveal a 'View Details' button.

5. Our Services — Icon-grid of all services: Study Visa Counselling, University Selection, Admission Processing, IELTS/PTE Prep, Visa Documentation, Scholarship Guidance, Pre-Departure Briefing, Accommodation Assistance, Travel Support. Each card animates in on scroll with icon draw-in effect and lifts on hover.

6. Why Choose Us — 4–6 feature tiles (Experienced Counsellors, 100% Transparent Process, High Visa Success Rate, Personalized Roadmap) with animated icon and counter numbers.

7. Our Global University Partners — Auto-scrolling infinite marquee logo strip (top row moves left, second row moves opposite direction) showcasing partner university logos exactly like the reference image provided, on a soft grey card background, grayscale-to-color on hover.

8. How It Works (Process Timeline) — Horizontal/vertical step-by-step animated timeline: Free Consultation → Profile Assessment → University Shortlisting → Application & Visa → Pre-Departure → Fly Out. Animated connecting line draws in as user scrolls.

9. Testimonials / Success Stories — Auto-playing slider/carousel of student reviews with photo, star rating, country flag of destination, smooth slide+fade transition, swipe-enabled on mobile.

10. Reels / Video Section — Embedded short-form vertical video reels grid (Instagram/TikTok style cards) showing student journeys, office life, visa success celebrations — click to play in modal lightbox.

11. Gallery — Masonry/grid photo gallery (office, events, seminars, student send-offs) with lightbox zoom on click and subtle hover zoom-in effect.

12. Branches / Our Offices — Map-style section listing 2 branch locations with address, phone, embedded Google Map pin, and 'Get Directions' button — card-based layout with hover lift.

13. Blog / Latest Articles — Card slider of latest blog posts (visa tips, study guides, scholarship news) — image, title, category tag, 'Read More' — auto-slide with manual arrows.

14. FAQs — Accordion-style FAQ list (smooth expand/collapse animation, red plus/minus icon rotates) covering visa process, fees, document requirements, timelines.

15. Contact / Free Consultation Form — Two-column section: left = contact details (address, phone, email, working hours) + embedded map; right = styled form (Name, Email, Phone, Destination Country dropdown, Message) with red gradient submit button and success micro-animation.

16. Footer — Black background footer with red accents: logo + tagline, quick links, destinations list, services list, social icons, newsletter signup bar, bottom bar with copyright + 'Designed by WeblyPro' credit line.

6. Animation & Interaction Summary

- Scroll-triggered fade-up/stagger reveal for every section (Intersection Observer based — lightweight, no jank).
- Hero globe: continuous flight-path plane animation + pulsing location dots (CSS/SVG, looped infinitely).
- University partner logos: dual-row infinite marquee, opposite directions, pause on hover.
- Service & destination cards: hover-lift (translateY -6px) + soft red glow shadow + 2–3% scale.
- Counters: animate-count-up when scrolled into view (e.g. 0 → 5000+ students).
- FAQ accordion: smooth height + rotate icon transition.
- Testimonial & blog sliders: auto-play with swipe/drag support + manual nav arrows + active-dot indicator.
- Floating social launcher: expand/collapse with staggered icon entrance.
- WhatsApp button: soft pulse-ring loop to draw attention without being distracting.
- Page-load: logo + hero subtle entrance animation (fade + slight scale) on first paint.

7. Suggested Build Approach

- Modern responsive front-end (HTML/CSS/JS or React) — fully mobile, tablet, and desktop responsive, WordPress-quality polish without being a generic WP theme.
- Real icon library (Lucide/Phosphor/custom SVG) — no sticker-style or emoji icons anywhere.
- Lightweight SVG-based hero animation instead of heavy video for fast load time and good PageSpeed score.
- Lazy-loading images, optimized assets, and clean section anchors for smooth in-page navigation from the header dropdowns.
- AI tools may be used for first-draft imagery/content but everything finalized in brand colors/fonts above.

8. Company & Contact Information to Use Site-Wide

Brand Name	Future Career Hub
Tagline	Build Future With Us
Category	Study Abroad Consultancy — Visa, Admissions & Career Guidance
Email	fchofficials@gmail.com
Phone / WhatsApp	0343-3350139
Branches	2 branch locations — to be confirmed with addresses for the Branches section and footer

Note: For the gallery, reels, and testimonial photos, placeholder/stock imagery relevant to students, travel, and campuses will be used until the client supplies real office/event photos and student videos.
